Not to disturb you at all I just had a few things that I would like to mention, And I hope you would understand because here, where I'm at, there is much stabbing, hurting, Lying cheating, Lack of Integrity, Lack of Honor, And to most point Lack of Love for which I am rooted in because our "God" And father has placed within me to love (1 John 3:23-24).

And because that I'm able to communicate with you on higher level I simply want to tell you that I Love you "Your Honor." From a pure Heart It's difficult for me to tell people that surround me because have being shown to those people would get me hurt And even cause me my life that's why I sit along by myself trying to stay out of the way that they not in a rush to jump on me again. But the same organize Gang who been jumping on me are still waiting for the right time to try to kill me, just as they have come to my front doorway, step as I have shown you. "Your Honor," I fear for my life, And

I am scared And Also there are times when I have to just sit still in my cell for weeks talking to "God" hoping these guys don't touch me And hoping the Administration such as United Manager "Ms. Day" say now, is the perfect time to kill me making it look like an accident. I have told you this because these are the type of things taking place inside the system just an "Imminent" of "Violence" ~~that~~ waiting to happen. These Gangs "not" only do they have an "occult" strong-hold on the Mississippi Department of correction but also having a "occult" strong-hold on the Hattiesburg police Department as well, as the Forrest County Jail And you clearly see this from the paperwork that I have placed within your hand that brought about many constitutional violations at both "Federal," And "State" Level, just to take me away from my family again And to try to finish me off. I should "not" have

been taking away from my family again for the second time, this Hurt And It Also Hurt my family. These people Act as if They don't Respect the constitution at all from their conduct. "Your Honor," All I want is to be set free at this very moment, And for the "State," And the "County," of Forrest County to pay compensation for depriving me of my "life" completely, compensating me for every area of my life which they have destroyed with so much pain And Hurt. "Your Honor," there are some things that has been hurting destroyed through this process of unconstitutional procedures that I having even mention because I "fear" for my life so much that I'm trying my hardest to focus on getting out alive first, then I feel that would be the appropriate time to let it all out. So Just keep in mind other then everything that

you are already aware of me having to suffer
And Endurance, And Also think about everything
else that I having mention yet, I have also had
To suffer And Endurance through all the other Hurt
And pain's on top of everything else. With the complete
Hurt And pain of having to leave my kids And family
along with everything else, know one "your Honor," should
never have to experience this. "your Honor" I Love you,
And I think you for your Time And Assistance.

Bless you "Judge Andrew Harris," along with
your Love ones!!

Sincerely, (7-14-2025)
